Hips—measure around the fullest part of the hips, 7 inches below your natural waistline. Hold tape firm but not tight.

Waist—measure around the smallest part of the body at natural waistline. Be sure to stand evenly balanced on both feet.

Bust—measure over fullest part with tape held firm but not tight. Do not let it slide down in back. Stand erect.

Get out your tape measure, a pencil and paper . .
TAKE 3 MEASUREMENTS . . then it's easy to
order your correct size in Sears fashions . .

MISSIES' SIZE SCALE. Misses' figure has a well-developed but youthful bustline. The waist is slender. The figure is well proportioned throughout. This average figure type has the widest choice of styles.

Order Size	10	12	14	16	18	20
If hips are	34	35	36½	38	39½	41 in.
If waist is	24	25½	27	28½	30	32 in.
If bust is	31	32½	34	35½	37	39 in.
Dress length	41	41½	42	42½	43	43½ in.
Coat length*	41	41½	42	42½	43	43½ in.

*Fitted coats in lengths above. Box coats 1 in. shorter each size.

JUNIORS' SIZE SCALE . . Juniors' figure is slightly shorter than a Misses'. The bustline is higher, the waistline slimmer. Garments are youthful in style for youthful figures of all ages.

Order Size	9	11	13	15	17
If hips are	33	34½	36	37½	39 in.
If waist is	23½	24½	26	27½	29 in.
If bust is	30½	32	33½	35	36½ in.
Dress length	39½	40½	41	41½	42 in.

WOMEN'S SIZE SCALE . . Women's figure is a well proportioned, mature figure with waistline slightly larger than a Misses' figure.

Order Size	34	36	38	40	42	44
If hips are	38½	40½	42½	44½	46½	48½ in.
If waist is	30	32	34	36	38	40 in.
If bust is	36	38	40	42	44	46 in.

Coat length*	43	43½	44	44½	45	45½ in.

*Fitted coats in lengths above. Box coats 1 in. shorter each size.

LARGER WOMEN'S SIZE SCALE Larger Women's figure is heavier through the upper body than the Women's figure. Garments are styled with Sears famous Trimline perfection to make you look slim.

Order Size	46	48	50	52
If hips are	49½	51½	53½	55 in.
If waist is	42	44	46	48 in.

SHORTER WOMEN'S SIZE SCALE . . for shorter figure of 5 ft. 2 in. and under—found on page 898.

Better not use last year's measurements . . your figure may have changed. It only takes a few minutes to judge the size you need this fall, and you can use this size in ordering any of Sears dresses, coats, suits, or sportswear. This is all you do:

1. Wear a slip or a lightweight dress (if it's a dress, take off the belt before you measure).
2. The best way is to have someone else measure you—but you can do it yourself if you're careful.
3. Write down the measurements of hips, waist, bust.
4. Then look at the size charts at the left, and choose the size that's nearest your measurements.
5. Don't allow extra inches here and there. All our garments are made to allow for easy fit. Whether you order a low-priced cotton frock or our finest quality garments, the same size will fit you.
6. Give us your size as accurately as you can. If hips and waist agree with the scale, do not change size for one inch variation in bust measure.
7. In ordering a loose-fitting coat, such as a Chesterfield, a boy coat, or a boxy tuxedo style, the hips and waist don't matter so much . . It's the bust measurement that is important here.
